

In the claims:

Kindly amend the claims as follows:

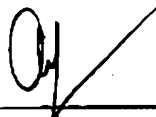

45. A computer aided method according to [any one of the preceding claims] claim 41 further comprising the step of physically generating a molecule thus selected.

REMARKS

This preliminary amendment is being filed to change the multiple dependency status of claims 45-50. It is respectfully requested the additional costs incurred due to the inadvertent filing of the multiple dependent claims be credited to our deposit account no. 04-1406.

The Examiner is invited to telephone the undersigned attorney in the event that a telephone interview will advance prosecution of this application.

Respectfully submitted,
